NASHVILLE Electric Water Cure

TH- undersigned has taken the large House on the hill in South Nashville, at the head of Front street, known as the Rutledge property, where he has established a comfortable home for invalids, and pro-vided ample means for their restoration to health. Patients from the country and strangers taken sick in vided ample means for their restoration to least Patients from the country and strangers taken sick in the city can find gentle nursing and appropriate medi-cal attendance. Our treatment in Chronic Diseases consists of Water Electricity, and the most effective medicine and Homospathy in all Acute and Febrile Diseases, and in all cases our charges will be mode rate and to suit the times. The institution is located in a field of 17 acres, containing fine shade trees and pleasant grounds for exer-cise for convalescents. From the house, we have the finest prespective view of the city, Cumberland river, and surrounding country, afforded in any other part

of the city.

As far as regards our success in practice in the healing art, we will only say we have now been in Nashville one year, and our register will show the names of over 150 patients, treated for various diseases, most of them hopless cases of Chronic Diseases, and 31 of whom were confirmed cases of Consemption, and out of the whole number of 150 odd cases treated, only 6 have died, all of whom were given up as hopsless before I saw them, and every one of the rest hopeless before I saw them, and every one of the rest have been cured, or at least greatly benefitted. For the protection of others, we can receive into this institution no patients having contagious diseases but will attend to such at other places. Family prac-

tice attended to as usual.

At all other times I can be found at the Electric Water Cure Though we are opposed to publishing certificates to show that we can control diseases supposed to be in-curable, we will re-publish the following letter of a well-known citizen to the editor of the Republican Banner, of Dec. 30th, 1860:

MR. EDITOR: Having been afflicted for some mouths
past, as is known by my many acquaintances, with
an attack of paralysis, and having received a benefit

so decided from the use of electrical baths, given me by Dr. Westervelt, I have thought it due to those simi-larly situated with myself, to make this publication.

I was decidedly convalescent when I began to use the baths, but the benefit derived from them has been so positive that there could be no mistaking the cause.

I am now able to use my fingers and my arms, which were entirely helpless, almost, if not quite, as well as I know this notice may inure to the benefit of Dr W., at least with those who place confidence in my word, but to me it is a matter of much greater inpor-tance that my triends should know where they can be relieved from the state of helplessness I was in a short time since. Cooper, John Adams, (of firm of Adams & Eves), and others too numerous to mention, who know how to appreciate my services.

The common belief that much of the uncertainty of Medical Practice arises from the bad quality of Medical substances, seems to acquire ally confirmation. Through faulty preparation and commercial competition, many preparations formerly regarded as of primary importance are gradually going out of use, while others produce effects and cause accidents that do not properly belong to them as described in the Pharmacopea. New remedies, as suggested and offered for trial are often found so imperfect, and varying so much in chemical character and strength that they are either condemned or received upon faise premises, both equally at variance with the proper progress in therapeutics; whilst most practitioners daily feel that the Materia Medica is not rich enough either to lose its old remedies, or to sacrifice opportunities of acquiring new ones. A proper appreciation of these facts warrant the Subscribers in manufacturing and vending none but First Class Standard Preparations, with direct reference to the necessities of the profession and the requirements of the Pharmacopea. Cur Chemicals, Powders, Tinctures, Essential Oils, and in fact all of our Medicinal Preparations are selected and compounded with a view to the quality only, without regard to price. In Pertumery, Variety Goods, Patent Nostrums, &c., we endegvor to please all tastes.

TAKE pleasure in announcing to my old friends and Coustomers that after an absence of two years, I have again returned to resume the practice of the PHOTOGRAPFAC ART in al' is branches, having purchased the interest of myt rother in the old established Gallery in Union street, and having spent four months in New York the past Summer to obtain fully all the late improvements in the art. I have painted, renovated and enlarged the suite of Rooms throughout. That my facilities are now better to produce first-class work than most Galleries can boast of, and conduce to the comfort of our patrons. I trust not only to sustain the proud position the Gallery has heretofore sustained, but to clevate it to a still higher standard. I have also engaged the services of Mr. COOK, one of the best Photographers in the world, who took the Pictures which obtained the first premium at the World's Fair in London, in 1851, and I am determined not only to make this the leading Gallery in the State, but my work shall not be surpassed North or South, and now introduce to the public the following new styles: 000 and now introduce to the public the londers, tyles:

Ill who are in want of anything in my line are politicly invited to give my a call before visiting elsewhere, when I will prove by occular demonstration the above facts.
